

# CURRICULUM VITA

Motivated and detail-oriented Junior Frontend Developer with a solid foundation in HTML, CSS, JavaScript, Bootstrap, JQuery and React. Currently enhancing my skills through a full-stack web development bootcamp, gaining hands-on experience with Node.js, Express, and database. My background in marine engineering has equipped me with strong problem-solving skills, a logical mindset, and the ability to work under pressure. Eager to join a collaborative team where I can contribute to impactful projects and continue growing as a developer.

## PERSONAL DETAILS

Name : Hashan Dananjaya

Resides : Edgware, London

Contact Details : Telephone Number - 07400140356  
Whatsapp - 07446772418  
Email - [Hashan1991.Uk@Gmail.Com](mailto:Hashan1991.Uk@Gmail.Com)

Coding Traineeship : **IT Career Switch**  
Coding Traineeship (One Year Program)  
During my ongoing full-stack web development bootcamp, the following programming languages and technologies are being covered:

### *Completed area*

- HTML5, CSS3, JavaScript
- React, JQuery, Bootstrap, Node.js
- Command line, Git, Github

### *In Progress*

- C#, Java, Python
- Backend and database
- Redux
- Final project

## DEVELOPMENT EXPERIENCE

### 1. Weather App

**Tech Stack:** HTML, CSS, JavaScript, OpenWeatherMap API

Built a responsive weather application that allows users to search for real-time weather information by city name. Implemented API calls to fetch and display temperature, weather conditions, and icons dynamically. Focused on clean UI design and mobile responsiveness.

### 2. E-Commerce Storefront

**Tech Stack:** React, JavaScript, CSS

Built a responsive e-commerce frontend using React to display a product catalog with category

filtering, a shopping cart, and item quantity control. Implemented component-based architecture for scalability and used state management for cart functionality. Designed an intuitive user interface with Bootstrap to ensure a smooth shopping experience across devices.

### **3. Portfolio Website**

**Tech Stack:** HTML, CSS, JavaScript, Boxicons

Designed and developed a personal portfolio website to showcase my projects, skills, and background. Included interactive elements like animated text, smooth scrolling, and contact form submission using FormSubmit. Built with accessibility and user experience in mind.

## **CAREER HISTORY**

Feb 2016 to Jul 2024- **Marine Engineer**

- Designed and maintained marine machinery, propulsion systems, and auxiliary equipment.
- Ensured compliance with international safety and environmental regulations.
- Diagnosed system faults using technical tools and led preventive maintenance.
- Recorded technical reports and coordinated shipboard operations.

## **EDUCATION**

Bachelor of Science in Marine Engineering - Kotelawala Defence University, Sri Lanka

## **RECOGNITIONS**

- Chartered Engineer (India)
- Member, Royal Institution of Naval Architects (RINA), UK
